

HAVE YOU SEEN THE 'NEW' MURAL?

Through the Roanoke Arts Commission, the City of Roanoke was pleased to partner with Downtown Roanoke, Inc., the Dorothy M. Gillespie Foundation, and Quintessence Properties, the owner of One City Plaza at 312 2nd Street to repaint

Dorothy Gillespie's
ACCENTUATED FORMS IN SPACE

1979, 2023

Roanoke native and renowned artist Dorothy Gillespie (1920 - 2012) had a long career creating public art, advocating for women in the arts and teaching. In 1979, she provided the mural design as a gift to the city. The mural was repainted in April and May 2023 by local artists Jack Fralin and Dana James. Learn more at www.roanokearts.org/mural.

YOUR PERSONAL COLOR ANALYSIS*

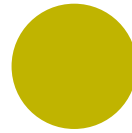

REFLEX BLUE

Thoughtful and dependable, you are looked to for leadership when it counts. Sometimes people don't feel they know the full you, but when you let them in, you build deep and lasting relationships. Our community is stronger because of you.

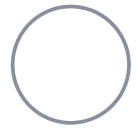

PROCESS BLUE

While you have ups and downs like anyone, they rarely show. With your ability to laugh at yourself, those mishaps that might slow down others just become amusing anecdotes for your next dinner party or grocery store conversation. Our community is stronger because of you.

FRESH GREEN

You bring new perspectives with a well timed question. Like new growth on a dormant plant, you have the ability to help others see things anew. You lift the voices of your neighbors and highlight the potential in what has been overlooked. Our community is stronger because of you.

WHITE

You easily maneuver in a variety of situations. You make others feel comfortable, and with your strong ability to read a room, you typically have just the right response. Groups work better when you're there. Our community is stronger because of you.

IVORY

You've been called "the glue" of a group. Friends know that, steadfast and ready, you'll pick up the phone when they call, and you'll try to help them. They also love your natural elegance and contagious laugh. Our community is stronger because of you.

ORANGE

Your creativity drives your work. Innovation and resilience are your hallmarks. You will not only get the job done, but you'll find a new way to do it. These aren't challenges, they are adventures. Our community is stronger because of you.

BRIGHT RED

You're energetic and attention grabbing. But it's not all show. There's a solid core of quality in you, including a strong attention to detail that underpins your work in a group. Our community is stronger because of you.

MAGENTA

Full of surprises, you've got hidden talents. Sure, people see your sense of style and daily flair, but what you don't show them might be just what your group needs. Share those skills! Our community is stronger because of you.

* We fully admit that we may have made this up...but we were pretty close, right?
