

ARTS CONNECT TUESDAYS

Now
with

Be part of the **Roanoke Arts** learning community in 2024 as *Arts Connect Neighbors*.

Every Tuesday at 7 PM, we'll host a different artist gathering or virtual training to connect artists, organizations, and neighbors with resources, strategies and a community of support.

Throw in a wide range of community arts events and it's sure to be another year of progress, art, and fun!

On our 2024 neighborhood focus

FREE neighborhood-driven, artist-led events and performances are going to bring neighborhoods alive during the coming year. As we work together, we'll also connect in new ways. We're creating the community we want by strengthening relationships, by slowing down to get to know each other, and by having fun learning together. We're challenging what we can expect from the community around us by asking what we can do to shape it ourselves. We hope you'll join us!
